

**Subject:** Appreciation for conducting weekly robotics classes at Atal Tinkering Lab in our Vidyalaya

Respected Professor Dixit,

I am writing to express our sincere appreciation for the robotics classes that have been conducted at Atal Tinkering Lab (ATL) by Dr. Faladrum Sharma and Mr. Abhijeet Dhulekar of your institute. Dr. Sharma, Project Officer in the project "Pandit Hemchandra Mission for Popularization of Science and Assamese Culture" at Centre of Indian Knowledge Systems, IIT Guwahati and Mr. Abhijeet Dhulekar, Junior Research Fellow at IIT Guwahati Technology Innovation and Development Foundation have conducted weekly sessions every Friday from July 2023 to February 2024. Their commitment to conducting weekly classes at ATL lab have greatly enriched the learning experience of our students from Classes 9 to 12. The hands-on activities and practical demonstrations have provided our students with a comprehensive introduction to basic robotics principles. Furthermore, the efforts have not only imparted technical knowledge but have also ignited curiosity, fostered critical thinking and enhanced problem-solving skills among our young learners.

On behalf to ATL lab of KV IIT Guwahati, we are deeply grateful for your invaluable contributions in nurturing the minds of our students. We extend our heartfelt gratitude to you for your service and commitment to educational excellence. We look forward to the possibility of collaborating with you again in the future.

Thank you

  
ATL I/C
